GET NEW SCHOOL CLOTHES SECOND HAND OR UPCYCLE YOUR OWN

Try purchasing clothing from flea markets, thrift stores or online second hand platforms such as Carousell. Checkout this website for great places with great deals!

BRING YOUR OWN

Know that the coming term will call for take aways? Make an effort to BYO containers on days that you might. If not, reuse the plastic containers that they come in for the next round of takeaways.

 plantplant1707 • following

plantplast170? This Wednesday we went cleaning up Lazarus, both the beach and underwater. This was us sorting out just microplastics!

Plastics don't break down, they break up. That means when they are indestructible when left on their own. When they end up as rubbish in the ocean, they enter microorganisms and the food we all eat. Does a little plastic in us make us indestructible? 🤔

It's not really a laughing matter because these chemicals build up and the toxins absorbed by the microplastics are readily released in our bodies.

Choose better and don't use disposables! Avoid plastic packaging when possible and recycle what you can't avoid.

Instagram challenge theme :
Inspired to do your part?

Tag us @sutdgreenprint in your insta post doing one of the above or a green effort on your part and stand a chance to be Featured on our next issue and win a goodie bag.

Instagram winner:

Congrats to this January's feature !

CHOOSE A GREENER COMMUTE

Choose buses, trains, carpooling services, biking or walking. Not only can we get some exercise, we may make some new friends in the process as well.

OPT FOR GREENER STATIONARY

Choose BPA free less toxic files and plastic stationary. Opt for refillable pens and fools-cap made of recycled paper or materials. Some common brands can be found in SUTD Booklink itself!

CALENDAR UPDATE!

RECYCLING DAY AT SUTD!

Exchange your recyclables for tote bags, steel utensils and foolscap pads!

Campus Center, outside the canteen
